Pentecost Flames Salad Spinner Art and Prayer Ideas

You will need:

- salad spinner
- red, yellow and orange paint
- small paper plate

What to do:

Put a plate on the bottom of the inside of the spinner and blob some paint in. Put the lid on and spin.

It only takes a few seconds of enthusiastic spinning and this is what you get!

Reflection: The noise and the spinning as you make the picture is a strong reminder of the sound of the powerful wind which came upon the disciples at Pentecost and the 'flames' are obvious reminders of the tongues of fire. Think about people whom you would like to be touched by the Holy Spirit and, as each picture is finished, write that person's name on the plate. Display somewhere in the house as a reminder to pray for that person.
